Ciao a tutti!
During Term 4...

Kindergarten, Pre-Primary, Year 1 and Year 2 students are looking at the Pinocchio story and learning about all the different names of body parts in Italian.

Year 3 and Year 4 children are learning about “La Famiglia” and are able to name the different family members in Italian, making connections within the family tree.

Year 5 and Year 6 are learning to describe themselves with a range of adjectives, making sure to use the correct gender and number. Students are able to build a full sentence in Italian by coordinating subjects, verbs, articles and adjectives in the right order and form.

Furthermore, as a reward for the amazing effort demonstrated during the year, students have been involved in exciting activities such as preparing an Italian Christmas carol, taking part in a cooking lesson, viewing the movie Pinocchio and creating handcraft pieces.

A presto!
