

Our Lady of Mount Carmel

Year 4 In Focus

Mrs Harrison

Special events we have participated in:

- Ash Wednesday Mass - 18th February
- Swimming Lessons - Week 3 and 4

Upcoming events:

- Middle school project construction - 9th March
- P&F PJ Movie Night - 13th March
- Swimming Carnival @ Fremantle Pool - 16th March
- Harmony Day Assembly - 20th March

What we have been learning in Year 4

In Religion we have been exploring the idea of love and forgiveness and thinking about how loving someone and forgiving them are closely linked. We have also made some Lenten promises which you can come in and have a look at on our classroom window. We are keeping a Lenten journal to follow our journey to record the challenges and successes that we face in trying to stick to our promises.

Our Maths lessons have been all about learning our times tables and using multiplication to work out the perimeter and area of regular and irregular shapes. So far we have looked at the 4 and 6 times tables and are moving onto the 7's and 8's. We have created some incredible number lines using our multiplication knowledge. These are displayed in the classroom!

Over in Literacy we have been focusing on making our narrative writing more interesting by using compound and complex sentences and including awesome adjectives. We have started a vocabulary wall which has heaps of great words we can use in our writing. We are also trying to find words which we find intriguing in our guided reading sessions to use in our writing. Come in to the class and check out the vocabulary wall along with our 'top tips' for narrative writing.
